We need CT.01-4 Herman Miller Aeron removed from big sheet and Canvas needs to be removed (did we pick another selection to replace Canvas?) attached is a combined bid sheet

TALU found the following discrepancies on the Bid Form/Specs:

- CS.01-1-4 Add the COM fabric to differentiate
- CL.01-1-2 Add the COM fabric to differentiate
- CL.02-1-8 Add the COM fabric to differentiate
- CT.01-3 Aeron should be removed and replaced with another selection for Herman Miller
- TC.11-2 There isn't a corresponding page in the specifications
- FL.03-2 Canvas should be removed and replaced with another selection for Herman Miller
- FL.04-3 Bid sheet lists manufacturer as Tu Storage and Specification lists it as Canvas; Canvas should be removed.
- FH.06-1 Both items are listed as 6-1; list Aurora as -1 and Datum as -2 to be consistent
- LN.01 Why is there only one selection? Is there not an equal
- D.03-2 Mislabeled should read D.03-3
- D.04.2 Mislabeled should read D.04.3 (p157)
- D.03.A.B Canvas should be removed and replaced with another selection for Herman Miller
- D.04.A.B Canvas should be removed and replaced with another selection for Herman Miller
- WK.01-2 Canvas should be removed and replaced with another selection for Herman Miller
- WK.01A-2 Canvas should be removed and replaced with another selection for Herman Miller
- WK.01C There is a page in the specifications but not a line on the bid form. What are the quantities per phase?
- WK.02A There is a page in the specifications but not a line on the bid form. What are the quantities per phase?
- MS.01-1 There is a page in the specifications but not a line on the bid form. What are the quantities per phase?
- MS.02-2 There is a page in the specifications but not a line on the bid form. What are the quantities per phase?
- LT.01A1-2 Quantity discrepancies between HM/ST bid forms; verify quantities
- LT.01B1-2 Quantity discrepancies between HM/ST bid forms; verify quantities

- LT.01C1-2 Quantity discrepancies between HM/ST bid forms; verify quantities
